AMENDMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313

Sir:

In response to the final Office Action dated 20 December 2004, applicant, through his undersigned attorneys, amends his above-identified patent application as follows and respectfully request reconsideration.

In the Claims:

1. (Currently Amended) A thermoelectric temperature controlling device that is capable of holding one or more containers storing a substance, comprising;

a main body having at least one cylinder with a closed bottom and an open top that can accept at least one container, whereby the at least one cylinder is constructed of a thermally conductive material;
